Quantum Refinement

Quickstart

copy this downloaded qrefine folder into the modules subdirectory of Phenix installation:

```
chmod +x patch.sh
```

and then:

```
./patch.sh
```

Run Tests

```
qrefine.test
```

If any of the tests fail, please send us an email.

Run Example

If tests run sucessfully, then try and run an example:

```
qrefine.run 1uso
```

Help

If you run into any trouble please ask for help:

```
qrefine.help
```
